

PEGASAR 500 ACCU

GLOBAL PRODUCT
INNOVATION:

**BATTERY-
OPERATED
STUD WELDING!**

M3-M6

THE PEGASAR 500 ACCU: A NEW DIMENSION OF FREEDOM!

MOBILE POWERHOUSE:

THE PEGASAR 500 ACCU FROM HBS – COMPLETELY NEW TO STUD WELDING!

Experience a previously unknown dimension of mobility and flexibility in stud welding! HBS is ringing in the future by battery-operated stud welding with the „Pegasus 500 accu“, a global product innovation from the Quasar device series.

MOBILE

- Self-sufficient, no power connection required
- Ready to go
- Up to 400 welds M6 with a single battery charge
- Work without interruption with an optional spare battery
- Light weight (12 kg included battery)

SIMPLE

- Intuitive operation
- Handy toolbag (optional)
- Cable tidy system provided via the handle
- Quick battery replacement

ROBUST

- Enclosed housing (no air vents)
- Protection against dirt, water, dust, knocks
- Protection class IP 44
- Side panels provide a raised base
- Solid base

SAFE

- Increased protection (safety extra low voltage under battery operation)
- Weld in environments with increased exposure to electrical hazards
- Quick access buttons for fast setup
- Consistent welding energy

ACCU 150: Lithium-ion battery (approx. 150 Wh) for extremely strong and consistent welding capacity; up to 400 M6 studs on a single charge. No memory effect. Practical convenience: battery replacement using quick-release.

ACCU CHARGER 150: super-fast battery charging (fully charged after max. 2.5 hours).

Intuitive, simple for anyone to operate thanks to its quick-access buttons and pre-stored parameters. Fine tuning adjustment via +/- buttons. Changes are automatically saved.

Simple – no setting required for lift and spring pressure. HBS stud welding gun specially paired with the machine for outstanding results.

Presented with the Red Dot Design Award in 2015, one of the most prestigious design competitions, which is considered to be the yardstick for the highest design quality at international level. This seal of quality confirms the innovative design excellence of HBS.

ANY QUESTIONS ABOUT THE PEGASAR 500 ACCU?

If you would like more information about the Pegasus 500 accu please contact our sales team. Thank you!
